Regarding the notice from the FEC dated November 29, 2012 referencing the Amended July Quarterly Report (06/07/2012 - 06/30/2012), received 09/24/2012:

Item #1: Schedule A of your report discloses one or more contributions received after the primary election that are designated for the primary.

There were seven contributions which were posted to the Primary election that were received after the Primary date of 06/26/2012. Those were from my error of not changing the default election cycle in our computer software from the Primary election to the General election immediately following the Primary election. Those contributions should have been posted to the General 2012 election and have been corrected accordingly. The Amended 2012 July Quarterly Report was filed with the FEC today, January 3, 2013.

Item #2: Schedule A of your report discloses one or more contributions that appear to exceed the limits set forth in the Act.

When I posted the \$5,000 contribution from Mr. Charles E. Harmon and subsequently reattributed \$2,500 to his wife Dorothy, I overlooked the previous \$1,000 contribution Mr. Harmon had made a year earlier. I have spoken to Mr. Harmon directly as well as issued him a refund check (Check #2684 dated 12/05/2012) and a letter of explanation. These documents were faxed to the FEC today, January 3, 2013 (Fax 202-219-3496).

Respectfully Submitted,

Terri Miller, Treasurer
Families for James Lankford
